Description

This BASIC cut-off wheel is suitable for cutting a wide variety of stone materials, including tiles, ceramics as well as bricks. Available in thicknesses between 2.5 and 3 mm, these tools allow for clean cutting edges. The BASIC cut-off wheel thus offers you a cost-effective option for stone cutting requirements.

Features

- + Good cutting ability reduces the operator's work
- + Quick and convenient to use
- + Good lifetime and stability

Applications

- + For machining different stone materials
