Description

STANDARD 2in1 cut-off wheel for angle grinder is the solution for those who are looking for a powerful tool for cutting metal sheets, profiles, pipes, bars and solid materials made of steel and stainless steel. It allows you to work comfortably, provides precise and reliable results and is designed for a long lifetime. This cut-off wheel is the perfect choice for those who want to tackle cutting jobs with maximum efficiency.

Features

- + The product offers very good lifetime and stability
- + Quick and convenient to use
- + Environmentally-friendly

Applications

- + For machining different steel and stainless steel grades
- + For cutting metal sheets, profiles, pipes, rods and solid material
