Description

The STANDARD grinding wheel for steel is a powerful tool for face and edge grinding. Even at a low pressure, the wheel is aggressive and comfortable to handle. Optimized for easy cutting ability, the rough grinding wheel has a long lifetime.

Features

- + Bond system tailored to steel with very good abrasiveness and lifetime
- + Comfort Start ensures a comfortable start when grinding and increases the level of working comfort
- + Enhanced comfort while working

Applications

- + For surface and edge grinding on different steel grades
